PRESIDIO_{ADR}

Presidio ADR Free Follow-up Mediation Policy

For those cases that do not settle at the original mediation, Presidio ADR will conduct as many follow-up mediations as the parties request—at no additional charge. This policy applies to private mediations where Presidio ADR is first retained while the policy is in effect.

The following limitations apply:

First, this policy does not apply to pro bono mediations, nor to court-sponsored mediations conducted at a reduced rate.

Second, while every effort will be made to provide the same mediator for follow-up mediations, this policy is subject to the availability of the mediator.

Third, the obligations imposed by this follow-up mediation policy are the obligations of Presidio ADR, not any individual mediator. If a mediator ceases to be affiliated with Presidio ADR, or if Presidio ADR ceases operations, the mediator has no obligation to honor this policy.

Finally, Presidio ADR is not obligated to conduct a follow-up mediation if the mediator concludes, in their sole discretion, that (a) they cannot effectively perform a facilitative role, (b) the mediation will lead to an improper result, or (c) the mediation cannot be conducted consistent with the Model Standards of Conduct for Mediators.
